## Bienvenido a The Green Corner

The Green Corner nace de la admiración, el estudio e incluso obsesión por la naturaleza, su entorno y los fascinantes momentos que nos regala desde que tenemos uso de razón.

A su vez, nos fuimos dando cuenta que los entornos en los que nos movemos carecen de esa conexión que es, a nuestra forma de ver, inherente al ser humano, y por tanto buscamos la forma de instalar, de una forma respetuosa, trocitos de naturaleza en los grises entornos cotidianos en los que un animal en esencia, el hombre, realiza la mayor parte de sus actividades.

De esta forma, queremos devolver en la medida de lo posible el espacio que le hemos ido robando a la madre Tierra, y simbióticamente beneficiarnos de lo mucho que una porción de vida en nuestro entorno personal y profesional nos ofrece: relajación, admiración, respeto....
